

The **PhoneSkype EX-B** is a professional USB phone that enables you to enjoy the full feature of Skype. Simply plugging it into the USB port of your PC or laptop, you can make/answer Internet calls just as you would be on a regular telephone. Its high sound quality and smart style have made it a perfect VoIP device for both office and home use.

Key Features

- Fully functional keypad enables you to make/receive calls even easier
- Rings loudly on an incoming Skype call
- Acoustically isolated speaker and microphone to eliminate echo
- Full-duplex communication with crystal clear speech
- USB Interface PnP. No external power/sound card required
- LCD display and LED indicator
- Streamlined and fashionable design similar to a mobile phone
- Free **Skype@phone** software is included in the installation CD that enables the PhoneSkype EX-B to work with Skype seamlessly
- Also compatible with other PC-based softphone applications, such as **MSN**, **Yahoo Message**, **Xten**, **Dialpad**, **MediaRing**, **Net2phone** and etc.
